 - 2021 Salary Survey* 31

1. OVERVIEW

The Board of Canadian Registered Safety Professionals (BCRSP) conducts a survey of all Canadian Registered Safety Professionals (CRSPs) and Canadian Registered Safety Technicians (CRSTs) every two years. The most recent survey was conducted in 2021.

Meazure Learning – Yardstick was contracted to review data obtained from the most recent survey, summarize the demographic and employment information, and provide the data in terms of key demographic and employment variables (e.g., geographical regions, career experience, and employment setting). BCRSP uses this data to provide information and assistance to its certificants.

2. PROCEDURE

The *2021 Salary Survey* is based on a similar survey that was conducted in every other year since 2005. BCRSP developed final variable categories in the survey with guidance from Meazure Learning - Yardstick.

All CRSPs and CRSTs registered at the time of the survey were targeted for inclusion. Invitations to complete the survey were sent in September 2021. Certificants were invited to submit their responses online.

Respondents were asked to provide demographic and employment information. Demographic information included age, level of education, years of experience, number of previous employers and province or territory of

employment. Employment information was collected on community size and location, self employment, employment setting, number of employees, number of employees supervised, number of job sites, hours per work week, current salary, salary increase and career satisfaction. A copy of the *2021 Salary Survey* is found in the Appendix.

3. RESULTS

A total of 5646 invitations to complete the survey online were distributed to CRSPs and CRSTs from across Canada. As of the survey deadline, 1,917 certificants completed the survey (1,845 CRSPs and 72 CRSTs). This yields a response rate of 34.0%. This is a 3.4% decrease in the response rate from 2019.

In general, results were consistent with previous surveys. However, any noteworthy change in response patterns since the previous survey will be highlighted in a section called “What has changed?”. Changes in a single category that were less than 5% or from a small sample (under 200 respondents) were generally not considered noteworthy.

RESPONDENT CHARACTERISTICS BY REGION

The demographic information collected on the survey is presented below. Where indicated, percentages are computed excluding respondents who did not respond.

Province or territory employed?

Of the 1,917 completed surveys, the majority of respondents were from two provinces: Alberta (33.6%) and Ontario (30.8%).

Table 1:

Province or territory of employment

	<i>n</i>	%

SK	73	3.8
YT	4	0.2
Outside Canada	44	2.3
Omit	0	
Total	1,917	100%

What has changed?

The overall number of respondents has decreased slightly compared to 2019 when 2,072 people completed the survey.

With some exceptions, the number of respondents from each province remain insufficient to base substantive interpretation or inferences. To overcome this concern, the survey data was combined into larger, regional samples.

The three regions were Western Canada (British Columbia, Alberta, Saskatchewan, Manitoba, Nunavut, Yukon Territory and Northwest Territories), Central Canada (Ontario and Quebec), and Atlantic Canada (New Brunswick, Nova Scotia, Prince Edward Island, and Newfoundland and Labrador). Due to the relatively small numbers, respondents from outside of Canada were not included in the regional analysis.

Table 2:

Over 25	15.1%	20.4%	13.3%	16.7%
Omit	0	0	0	44
Total	1,092	623	158	1,873

What has changed?

Since 2019, more respondents from Central Canada have reported having between 20 to 24 years of experience (6.4%). There are also fewer respondents reporting between 5 to 9 years to experience in both Western Canada (-6.5%) and Atlantic Canada (-13.9%). Nationally, there is an increase of 5.5% of respondents with 10 or more years of experience compared to 2019

How many employers, including the present one, have you worked for in the OHS field in the past 10 years (include self-employment)?

When asked about previous employers, the majority of respondents (74.3%) indicated having between 1 and 3 previous employers in the past 10 years. 25.7% of the respondents reported having more than 3 previous employers in the past 10 years. On average, respondents in Western Canada tended to have a slightly higher number of previous employers compared to Central and Atlantic Canada.

**Table 6:
Number of previous employers by region**

	Western	Central	Atlantic	National
1 - 3	72.4%	76.7%	77.8%	74.3%

Omit	26	12	4	86
Total	1,066	611	154	1,831

Which of the following best describes the population size of the community in which your primary site of employment is situated?

With respect to community size, regional differences were apparent. In Western and Central Canada, the majority of respondents reported working in communities that were larger than 500,000 residents (53.1% and 58.5% respectively). Respondents from Atlantic Canada presented a lower and more even distribution of community sizes, with the most frequent size being communities between 10,000 and 99,000 residents (28.0%).

**Table 8:

What has changed?

Since 2019, there has been a 7.8% decrease in the number of respondents from the government sector in Atlantic Canada.

Approximately how many people does your company employ?

In Atlantic Canada, survey respondents most frequently reported working in companies with 0-49 employees (20.9%). In Central Canada, survey respondents most frequently reported working in companies with 2000 or more employees (45.1% combined). In Western Canada, companies with either over 10,000 employees (18.0%) were reported most frequently.

**Table 11:

Over 80	2.6%	0.5%	1.3%	1.8%
Omit	0	0	0	44
Total	1,092	623	158	1,917

What has changed?

Since 2019, there has been a 6.6% increase in respondents who reported working between 41 to 50 hours per week in Atlantic Canada. There was also a decrease of 5.6% of the number of respondents from the same region reporting working between 51 to 60 hours per week.

Please indicate your salary range.

Survey respondents reported a wide range of salary levels. The most frequently reported salary was in the \$90,000 range (16.4%). Across Canada, 58.4% of respondents reported salaries of above \$100,000. On average, salaries were higher in Western Canada compared to the other regions.

**Table 15:

Omit	0	0	0	44
Total	1,092	623	158	1,917

What has changed?

In Atlantic Canada, 7.4% more respondents indicated that the BCRSP designation is required for their job compared to 2019.

**RESPONDENT CHARACTERISTICS BY
WORK EXPERIENCE**

In addition to exploring the demographic and employment information by region, it was also possible to examine the response data by work experience. Work experience was combined into 4 categories: 3 to 9 years, 10 to 14 years, 15 to 19 years and over 20 years of experience.

What is the highest level of formal education attained?

The most commonly selected level of formal education for respondents with less work experience was a Baccalaureate degree (35.6%). Respondents with more work experience were generally more likely to indicate that they had college/university certificate.

**Table 21:
Level of education by experience**

	3-9	10-14	15-19	20+

Total	309	472	468	668

My annual BCRSP fee is paid by?

For most survey respondents, the employer paid the annual BCRSP fee.

Table 35:

Annual BCRSP fee payment by experience				
	3-9	10-14	15-19	20+
Employer	68.9%	68.6%	70.9%	62.3%
Self	31.1%	31.4%	29.1%	37.7%
Omit	0	0	0	0
Total	309	472	468	668

What has changed?

Less employers paid for the respondents annual BCRSP fees in the 3-9 years of work experience category (-6.2%) compared to 2019.

Is the BCRSP designation a requirement for your job?

In general, the BCRSP is more often identified as being a requirement for more experienced respondents. Yet, for the majority of respondents, a BCRSP designation is not a job requirement.

Table 36:

BCRSP designation requirement by experience

	3-9	10-14	15-19	20+
Yes	25.2%	38.8%	37.8%	41.8%
No	74.8%	61.2%	62.2%	58.2%
Omit	0	0	0	0
Total	309	472	468	668

What has changed?

Compared to 2019, there was a decrease in the requirement to have a BCRSP designation for respondents with 3-9 (-6.0%) and 15-19 (-6.0%) years of work experience.

RESPONDENT CHARACTERISTICS BY EMPLOYMENT SETTING

In addition to exploring the demographic and employment information by region and experience, it was also possible to examine the response data by employment setting.

However, many of the employment settings had only a small sample of respondents. As a result, the four categories with the most responses were selected for this section of the report. The four employment settings with highest number of respondents were construction (296), government (257), petroleum (249), and manufacturing (182).

What is the highest level of formal education attained?

For each category of employment setting, the most commonly selected level of formal education was a college or university certificate. The manufacturing and government sectors had higher numbers of respondents with university degrees (Baccalaureate and Master’s degrees), while the petroleum and construction sectors had higher numbers of respondents with college diplomas or certificates.

**Table 37:
Level of education by setting**

	Const.	Gov.	Petro.	Manu.
High School	3.0%	1.2%	3.6%	1.1%
College Diploma	23.3%	21.8%	26.5%	18.7%

What has changed?

Since 2019, there is a 5.7% increase in respondents from the petroleum sector reporting a salary greater than \$174,999

Has your base salary increased in the past 12 months?

The majority of survey respondents reported a salary increase in the last 12 months. In general, respondents from the manufacturing sector were more likely to receive a salary increase (70.3%) than the other three main sectors.

**Table 47:
Salary increase by setting**

	Const.	Gov.	Petro.	Manu.
Yes	59.5%	60.7%	35.7%	70.3%
No	40.5%	39.3%	64.3%	29.7%
Omit	0	0	0	0
Total	296	257	249	182

What has changed?

Compared to 2019, fewer respondents from the petroleum sector reported a salary increase in the last 12 months (-26.5%).

If your base salary increased, by what percentage?

In general, respondents from the petroleum and construction sectors tended to receive larger salary increases than respondents from the other sectors.

**Table 48:
Percentage of salary increase by setting**

	Const.	Gov.	Petro.	Manu.
1-3	43.0%	74.4%	49.5%	61.7%
4-6	34.1%	17.3%	25.3%	26.6%
7-9	4.5%	3.2%	5.5%	5.5%
10-12	8.9%	3.2%	8.8%	3.1%
13-15	2.8%	1.3%	1.1%	2.3%
16-18	0.6%	0.0%	0.0%	0.8%
19-22	0.0%	0.0%	2.2%	0.0%
Over 22	6.1%	0.6%	7.7%	0.0%
Omit	117	101	158	54
Total	179	156	91	128

How satisfied are you with your OHS career?

Survey respondents were fairly satisfied with their OHS career. Across all settings, very high levels of satisfaction were reported, with construction reporting the most “very satisfied” career satisfaction (47.6%). The rate of dissatisfaction ranged from 3.2% (manufacturing) to 1.0% (construction).

**Table 49:
Career satisfaction by setting**

	Const.	Gov.	Petro.	Manu.
Very Satisfied	47.6%	43.6%	37.8%	46.2%
Satisfied	41.2%	48.6%	50.2%	41.8%
Neither	10.1%	6.6%	10.4%	8.8%
Dissatisfied	1.0%	1.2%	1.2%	2.7%
Very Dissatisfied	0.0%	0.0%	0.4%	0.5%
Omit	0	0	0	0
Total	296	257	249	182

My annual BCRSP fee is paid by?

For most survey respondents, the employer paid the annual BCRSP fee. Across employment sectors, respondents from the manufacturing sector (73.6%) were most likely to have their annual BCRSP fee paid by the employer.

Table 50:

Annual BCRSP fee payment by setting				
	Const.	Gov.	Petro.	Manu.
Employer	59.1%	68.1%	61.4%	73.6%
Self	40.9%	31.9%	38.6%	26.4%
Omit	0	0	0	0
Total	296	257	249	182

What has changed?

Compared to 2019, there was a 9.3% decrease in BCRSP fees being paid by the employer for respondents from the petroleum sector.

Is the BCRSP designation a requirement for your job?

Across all settings, the BCRSP designation is generally not a job requirement. The highest rates where a BCRSP designation is a job requirement are found in the government sector (36.2%). The lowest rates are found in the manufacturing sector (30.8%).

Table 51:

BCRSP designation requirement by setting				
	Const.	Gov.	Petro.	Manu.
Yes	33.4%	36.2%	32.9%	30.8%
No	66.6%	63.8%	67.1%	69.2%
Omit	0	0	0	0
Total	296	257	249	182

What has changed?

Compared to 2019, the requirement of a BCRSP designation has increased by 7.4% in the construction sector, whereas it has decreased by 6.2% in the manufacturing sector.

INDIVIDUALS WORKING IN OHS BY COMPANY/ORGANISATION SIZE

In addition to exploring the demographic and employment information by region, experience, and employment setting, the relationship between the number of individuals working specifically in OHS and the total number of individuals employed by a company/organization is also of interest.

As shown in Table 52, companies or organisations more likely to employ only one or a few OHS employees have a tendency to

be smaller in size, compared to those that employ a large number of OHS employees. For example, over half of the respondents who reported being the only OHS employee in their company/organization (74.1% combined) were employed by companies/organisations with less than 250 employees in total. The majority of respondents who reported working along more than 100 OHS colleagues in their company/organisation, were more likely to be working for companies/organisations with over 2,000 employees (75.2% combined).

Table 52:
Individuals working in OHS by company/organization size

		Number of people employed by company/organization								Total	
		0-49	50-99	100-249	250-499	500-999	1,000-1,999	2,000-4,999	5,000-9,999		Over 10,000
Number of individual working in OHS employed by company/organisation	1	44.3%	13.4%	16.4%	10.5%	6.9%	4.3%	2.6%	1.0%	0.7%	305
	2-5	13.6%	7.1%	18.9%	13.3%	13.1%	10.3%	12.0%	6.4%	5.3%	435
	6-10	8.9%	0.9%	8.5%	14.9%	14.5%	18.7%	16.6%	7.2%	9.8%	235
	11-25	6.0%	4.0%	4.0%	7.6%	10.3%	18.9%	20.9%	11.3%	17.2%	302
	26-50	1.4%	8.4%	2.3%	6.1%	7.0%	8.4%	20.1%	14.5%	31.8%	214
	51-100	0.0%	9.1%	5.5%	6.1%	3.0%	4.9%	15.2%	20.7%	35.4%	164
	101-250	0.0%	0.0%	9.2%	7.3%	4.2%	4.2%	20.2%	13.0%	42.0%	262

4. SUMMARY

The results of the BCRSP's *2021 Salary Survey* provide information across a variety of variables. Results are provided based on geographical region, career experience and employment setting. Throughout this report attempts were made to identify consistencies, discrepancies, and trends in the data.

This report contains table-by-table highlights on how responses have changed since previous salary surveys. A number of results were consistent over the past two years but there were also some significant changes.

2021 BCRSP SALARY SURVEY

Dear Certificant:

The Governing Board is conducting this salary survey in order to provide certificants with a comprehensive profile of the OHS professionals in Canada. The greater the response to the survey, the more reliable and valid the results and the more useful the information will be to you, employers and human resource professionals.

Please be advised that all data collected via the 2021 BCRSP Salary Survey is confidential. The survey is hosted on a third party secure website and data collected is only reported in aggregate form.

Yardstick has been contracted by the BCRSP to collect and analyse the respondent data. They have signed a confidentiality agreement with the Board and data collected will not be shared or sold to any other organization. At the conclusion of the survey, Yardstick will remove all data from the online survey engine and transfer response data to a secure, password-protected and encrypted server with restricted access. This data will be kept for data analysis purposes only for a period not exceeding three years.

The Survey Report, which will contain only aggregate data will be published on the BCRSP website and is available upon request from the BCRSP office.

Access to the online survey closes October 25, 2021

1. Primary Province or Territory Employed:

- Alberta
- British Columbia
- Manitoba
- New Brunswick
- Newfoundland & Labrador
- Northwest Territories
- Nova Scotia
- Nunavut
- Ontario
- Prince Edward Island
- Québec
- Saskatchewan
- Yukon
- Outside Canada

2. How many years have you been practising in OHS?

- 3 - 4 years
- 5 - 9 years
- 10 - 14 years
- 15 - 19 years
- 20 - 24 years
- > 25 years

3. What is your employment status?

- Self-employed/Consultant
- Employed by an organization

4. Which of the following best characterizes how you first entered OHS practice?

- I entered the safety practice after getting a certificate/diploma/degree in the field.
- My employer/supervisor needed someone to handle OHS matters and I volunteered.
- My employer/supervisor asked me to handle OHS matters.
- My employer had an OHS position open and I applied for it without much experience.
- I started in a related speciality role (auditing, hygiene, environmental, ergonomics, fire protection, etc.) and expanded to OHS.
- Other (please specify) _____

5. Which BCRSP certifications do you hold?

- CRSP
- CRST

6. To whom do you report?

- President/CEO/Owner
- Vice President
- Director
- VP of Operations
- VP of Human Resources
- Plant Manager / Superintendent
- Regional VP
- Other (please specify) _____

7. Where is the OHS function located in your organization?

- Operations/Production
- Engineering
- Human Resources /Administration
- Risk Management
- Regulatory Affairs
- Legal
- Other (please specify) _____

8. How many individuals working specifically in OHS does your company employ?

- I am the only one
- 2 - 5
- 6 - 10
- 11 - 25
- 26 - 50
- 51 - 100
- 101 - 250

9. What is your gender?

- Male
- Female
- Prefer not to answer
- Other (please specify) _____

10. What is your age?

- < 25
- 25 - 29
- 30 - 34
- 35 - 39
- 40 - 44
- 45 - 49
- 50 - 54
- 55 - 59
- 60 - 64
- > 65
- Prefer not to answer

11. How many employers, including the present one, have you worked for in the OHS field in the past ten years (i.e. - since 2011) including self employment?

- 1 - 3
- 4 - 6
- 7 - 10
- > 10

12. What is the highest academic credential you have earned?

- High School
- College/University certificate
- College Diploma
- Baccalaureate
- Master's
- Doctorate
- Other (please specify) _____

13. Which of the following best describes the location and population size of the community in which your primary site of employment is located?

Location

- Urban/Metropolitan area
- Rural

Population

- < 10,000
- 10,000 - 99,999
- 100,000 - 199,999
- 200,000 - 499,999
- 500,000 - 999,999
- > 1,000,000

14. Approximately how many people does your company/organization employ?

- 0 - 49
- 50 - 99
- 100 - 249
- 250 - 499
- 500 - 999
- 1,000 - 1,999
- 2,000 - 4,999
- 5,000 - 9,999
- > 10,000

15. Which of the following best describes your role and responsibilities?

- CEO/Owner
- Vice President
- Senior Manager/Director
- Manager
- Supervisor
- Adviser
- HSE/ORR/Local Authority Inspector
- Trainer
- Coordinator
- Specialist
- Other (please specify) _____

16. Which of the following best describes your employment setting?

- Agriculture
- Chemicals
- Communications
- Construction
- Consulting
- Education
- Forest Products
- Government
- Health Care
- Insurance
- Manufacturing
- Mining
- Petroleum
- Retail
- Transportation
- Utilities
- Other (please specify) _____

17. Please indicate your current base salary range (not including bonuses, allowances, etc.):

- < \$49,999
- \$50,000 to \$59,999
- \$60,000 to \$69,999
- \$70,000 to \$79,999
- \$80,000 to \$89,999
- \$90,000 to \$99,999
- \$100,000 to \$109,999
- \$110,000 to \$119,999
- \$120,000 to \$129,999
- \$130,000 to \$139,999
- \$140,000 to \$149,999
- \$150,000 to \$174,999
- >\$174,999

18. Has your base salary increased in the past 12 months?

- Yes
- No (If No, skip to question 20)

19. If your base salary increased, by what percent?

- 1 to 3%
- 4 to 6%
- 7 to 9%
- 10 to 12%
- 13 to 15%
- 16 to 18%
- 19 to 22%
- > 22%

20. Which of the following benefits do you have?

- Bonus
- Cafeteria Plan
- Onsite Childcare
- Dental Insurance
- Flexible Spending Plan
- Flex Time/Schedule
- Group Life Insurance
- Health Care Insurance
- Health Club Membership
- Incentive Compensation
- Long-Term Care
- Long-Term Disability
- Maternity/Paternity Benefits
- Paid Vacation
- Pension
- Profit Sharing
- Retiree Medical
- Retirement Savings Plan
- Short-Term Disability
- Sick Leave
- Stock Options
- Vision Care
- Tuition Reimbursement
- Car Allowance
- Employee Assistance Program EAP
- Optional Benefits (optional: life insurance, disability, etc.)
- Professional Development Opportunities
- N/A

21. How many OHS employees do you supervise?

- None
- 1 to 5
- 6 to 10
- 11 to 25
- > 25

22. My annual BCRSP registration fee is paid by:

- Employer
- Self

23. How many employer job sites do you serve?

- 1 to 5
- 6 to 10
- 11 to 20
- 21 to 50
- > 50

24. On average, how many hours do you work per week?

- < 30
- 31 - 40
- 41 - 50
- 51 - 60
- 61 - 70
- 71 - 80
- > 80

25. Is holding a BCRSP certification a requirement for your job?

- Yes
- No

26. How satisfied are you with your OHS career?

- Very Satisfied
- Satisfied
- Neither Satisfied nor Dissatisfied
- Dissatisfied
- Very Dissatisfied
